

These **Marbleized Dotted Fireworks** look best iced in bright and contrast colors. We used navy as the base layer to emulate the night sky and accented with red and white.

Dam and flood cookie with navy royal icing

While icing is still wet add dots as shown in red and white. Dots do not have to be perfectly even.

While icing is still wet drag the tip of a toothpick from large center dot outward towards each cookie point. Clean tip of toothpick after each line drag.

While icing is still wet add star candy at center burst dot. Let dry for 8 hours or overnight.
